

BOOK CLUB TO-GO

MARCH 2021

Title _____

Name _____

Age _____

How did this book
make you feel?

I rate this book:

Where does your story take place? Is this
place real or imagined?

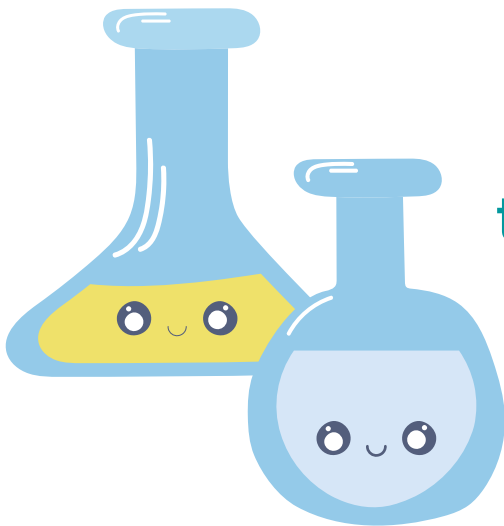

Draw a silly place from your imagination - it could
be in space, underwater, or any place you choose!

BOOK CLUB ACTIVITIES

Create Another World

- Have you ever glanced in a mirror and imagined a whole other world inside? This theme appears in many books - like "Through the Looking-Glass" or "Coraline". Place a mirror on the floor (or use the one in your bathroom) and look inside. Imagine what would happen if you could crawl into that world. What is it like? How is it different? Who lives there? Create your own "mirror" story.
- Scientists and inventors often improve our world by creating new things to help people, or new ways to do things. What could you invent? Draw a plan, use "found items" (like Tinkerbell & her friend Terence), and create something new. A building, a tool - use your imagination.
- Do your best robot dance to the Beastie Boys' song "Intergalactic"!

Joke of the Month

What do scientists use
to freshen their breath?

Answer: Experi-mints
